Dear Mr Garrison

I am about to post to
you "The Friend" for Sep^r - on
account of its containing a
paper written by Catherine
Impey, with the view of inter-
esting "Friends" and others
in an Appeal that is about
to be issued for raising a

fund for Temperance work
among the coloured people
and for affording them the
equal social privileges of
the good Templar Order.

I also enclose, ⁱⁿ a little paper
~~called~~ ^{called} "The True Templar"
~~my own~~ ^{my own} impressions of "the Status of
the Negro in America"; and
a paper written by my
sister in "Local Notes" - on
the history of the events
which led to the split
in the Order of Good Templars.
* Edited by M. S. C. Hall

on the "Negro Question"

These, all bearing on the position past and present of the unfortunate coloured race in America, would I thought interest you to see. In the Anti Slavery Reporter for last month which I enclose ~~your~~ letter and Wendell Phillips Speech are published.

I hope you duly received letters I wrote after we left Boston and on our getting home to England, giving

you some little account
of our further meetings
&c while in America -
and expressing the grateful
and pleasant remembrance
we ever shall feel for
your kind attentions
during our short stay in
Boston. I trust I may
hear of your receiving
the packet safely - and
hoping you are well
I remain yours truly
Jane C. Metford.
